

# Hachinohe Designated Evacuation Centers

Hachinohe City has designated the following facilities as evacuation centers in event of an emergency.

(1) Depending on the type and degree of the disaster that is occurring, different evacuation centers will be opened.

(2) In the event of a tsunami, those evacuation centers marked with a ○ will be opened during an official warning announcement.

Those with a ○ in column A : will be opened when a tsunami warning is issued.

Those with a ○ in column B : will be opened when a major tsunami warning is issued.

(3) Those evacuation centers marked with an × cannot be used.

Those with an × in column B : will not be opened when a major tsunami warning is issued (Located in a tsunami inundation risk area).

Those with an × in column C : will not be opened when landslide disaster warning information is issued (Located in a landslide risk area).

Those with an × in column D : will not be opened when a flood warning is issued (Located in a flood inundation risk area).

(4) The names of evacuation centers that have been opened will be announced through the Internet, Hotto Suru Mail service, radio broadcast and other media.

As of February 2026)
